Learning activities - Answer's the question, how do I teach it?

1. Warm up:

I start asking students about things in the classroom.

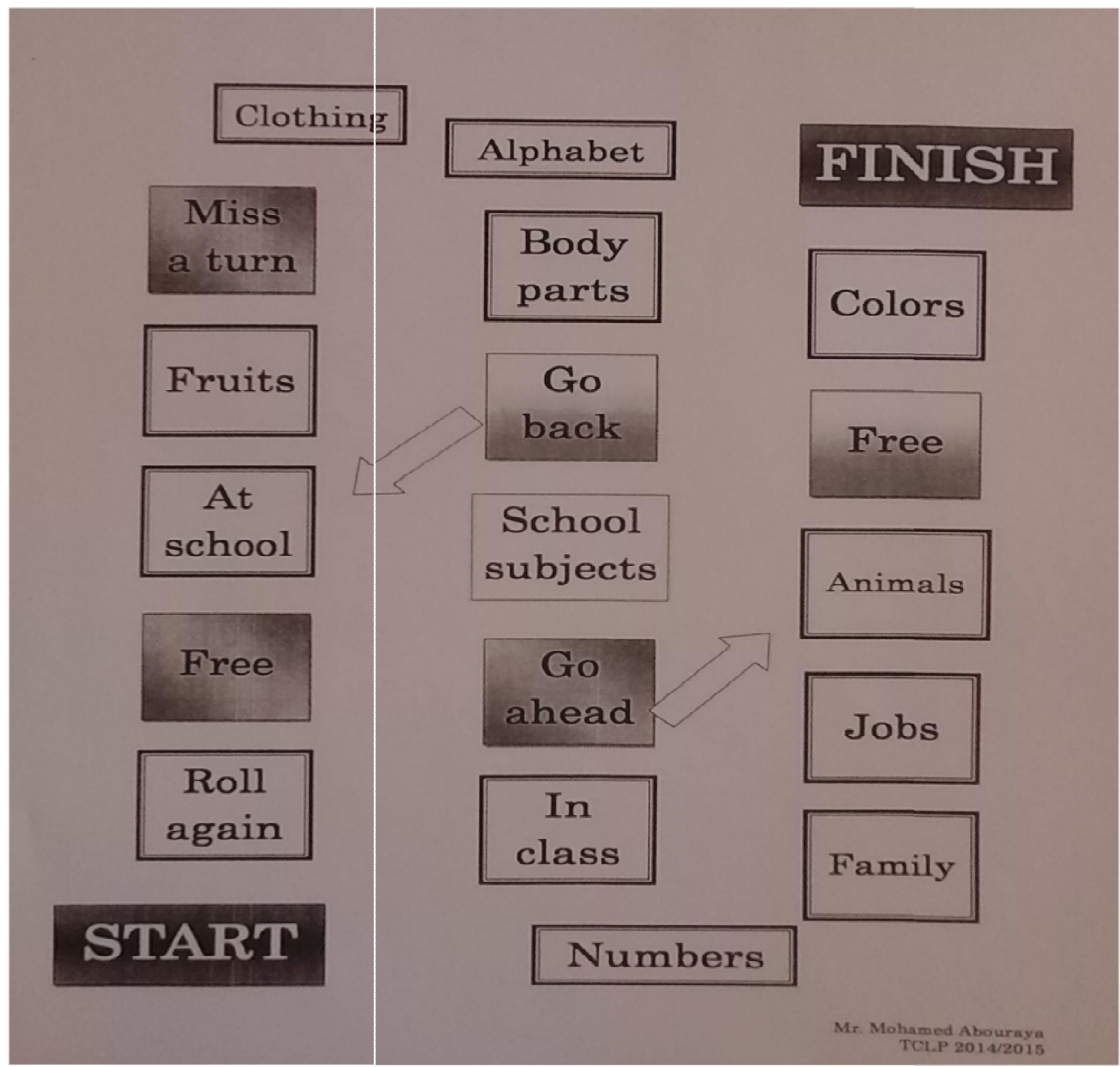

2.Presentation:

- I present the new activity explaining the rules of the activity.
- I tell students that if we have some time to work out the crossword puzzle so we will do it in the second half of the lesson.

3. Practice:

- Say two things:

I present the rules of the activity. Students start playing. Each group should speak in a voice that other friends in class could hear. Words should not be repeated.

- **Crossword puzzle**

I give each students sheet of paper with the crossword puzzle. I explain how they are going to write the words in Arabic.

Step 4 – Reflection

*What happened during my lesson? What did my students learn? How do I know?
What did I learn? How will I improve my lesson next time?*

- The lesson went well. Students were enjoying the task. They were very competitive.
- I could improve the task by asking students to say a sentence instead of two things.
